Objective Findings

Pt. # of visits 7 and in those 7 sessions, we worked mostly on balance and gaining stretch to help lift her grandchildren.

Senior Fitness Test Results:

Chair Stand: 13(14)

Arm Curl: R19(24) L20(26)

Chair Sit-and-reach: +.5(+1.5)

Back Scratch Test: L5.5(3.75) R3.0(3.75)

8-Foot-Up and Go test: 6.3(5.3)

Pre-Treatment

Pt. did not perform warm ups or 6 min. walk for the senior fitness test because she was late.

Assessment

Assessment/Diagnosis: Pt. did not meet her goals with Keep Stepping because she only showed up for less than half of her treatment sessions. Although she did not meet her goals, she did improve her balance to help her be able to hold her grandchildren.

Patient Education: Sleep Hygiene

Rehab Potential: Fair (Pt. has only showed up for less than half her scheduled therapy sessions so far.)

Long Term Goals:

1: (8 Weeks) | Pt. would like to be able to walk up 3 flights of stairs w/o getting winded and would like to work on her balance to be able to carry her grandchildren at home. | Pt. felt very unbalanced today with her new shoes and orthotics. Pt. was instructed to wear her new shoes for 2 hours to break in at a time.

Physical Therapy Discharge Summary

Patient Name: Chilson, Faye Jordan
Date of Birth: 09/19/1947
Document Date: 11/07/2018

Plan

Reason: Pt. attended less than half of her scheduled treatment sessions. I do not think Keep Stepping is the right program for her, but I think she would greatly benefit physical therapy.

Discharge: Discharge

Sincerely,

 SPTA
